

NEW EU PROJECT

COMPLEMENTS

CROSS-SECTOR SKILLS STRATEGY
FOR SECURITY AND DEFENCE

An Erasmus + funded project connecting
key European industrial ecosystems.

**Co-funded by
the European Union**

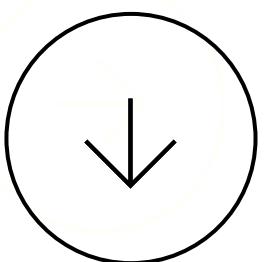

The Challenge

Why is this project needed?

Europe's Security & Defence sector is evolving rapidly.

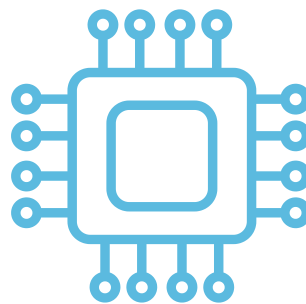

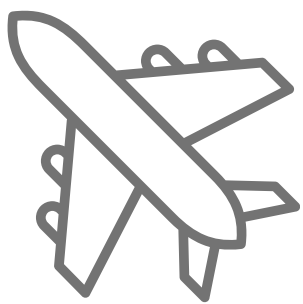

New technologies and complex systems require **skills that span multiple industries.**

The COMPLEMENTS Approach

Connecting key European ecosystems

- Aerospace
- Automotive
- Digital technologies

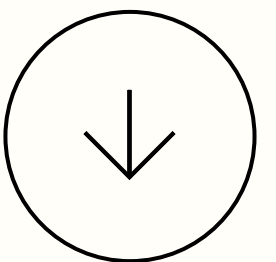

What the Project Does

- Identifies **skills needs and gaps**
- Promotes **cross-sector collaboration**
- Supports **training and skills development**

Expected Impact

- A stronger **European skills base**
- Increased **innovation capacity**
- A more **resilient Security & Defence ecosystem**
